(CHPE)**

INTRODUCTION

CHPE aims at introducing the basic and applied concepts of medical education to the Pakistani health sciences teachers and improving their skills to perform the basic functions of a teacher in health sciences institutes. Certificate in Health Professions is a teacher friendly program that helps teachers in health sciences to develop their basic teaching skills. All teachers must acquire basic teaching skills if they wish to adopt a teaching career in health sciences.

The program is intended for doctors, nurses, and allied health professionals involved in teaching and learning in medical, dental, nursing, and allied health institutes. The concept of the program revolves around Hardens' twelve roles of the medical teacher. The admission to this program is through an application process.

The program spans over six months. It is divided into two independent modules.
