ELIGIBILITY

MBBS, BDS, DPT, BSPT, Allied Health Professionals including Health Technologies, BSc. Nursing, BSc. Emergency Care, Trauma Care & Technology or its Equivalent with Allied Health Professional Degrees.

Why PGD in EM?

The Postgraduate Diploma in Emergency Medicine is a specialized program designed for healthcare professionals from diverse disciplines. It equips participants with the advanced competencies needed to excel in emergency settings, emphasizing both rigorous practical training and a strong theoretical foundation. Graduates gain the expertise required to respond effectively in high-stakes scenarios, preparing them for impactful roles in emergency and urgent care environments.

Practical training in Specialized Health Care is included in the course.
